Scouting Woods Disc Golf

Located at: 100 Summit St. Peabody, MA

What is Disc Golf?

Disc golf is played much like traditional golf. Instead of a ball and clubs, however, players use a flying disc, or Frisbee®. The sport was formalized in the 1970's, and shares with "ball golf" the object of completing each hole in the fewest strokes (or, in the case of disc golf, fewest throws). The trees, shrubs, and terrain changes located in and around the fairways provide challenging obstacles for the golfer. It is designed to be enjoyed by people of all ages, male and female.

*The Peabody Institute Library has disc golf kits available for patrons to borrow (requires a library card). Each kit includes three discs: a putter, mid-range and driver. Also included in the kits are directions to Peabody's Scouting Woods Disc Golf Course, a map of the course itself, and a list of the basic rules of the game. **More information at: www.scoutingwoodsdc.com***
